

## SEWAGE DISPOSAL

REPORT OF COMMITTEE APPOINTED BY CITY TRUSTEES TO LOOK INTO THIS MATTER

Honorable Board of Trustees, City of Glendale, Cal.  
Mrs. Bartlett and Gentlemen:  
Pursuant to authorization of your Board Engineer Frank Olmsted, W. E. Hewitt and myself attended a conference Wednesday afternoon of this week held in the office of John A. Griffin, City Engineer of Los Angeles, to consider matters pertaining to sewage disposal as affecting the joint interests of the cities of Los Angeles, Glendale and Burbank.

The representatives of the City of Los Angeles in attendance at the meeting were City Engineer John A. Griffin; his assistant, who has charge of sewer construction, W. T. Knowlton; Wm. Mulholland, Chief Engineer of the Water Department; W. B. Matthews, Chief Counsel of the Public Service Department; Dr. Powers, City Health Officer; G. Gordon Whitnall, Secretary City Planning Commission, and several others. The representatives of the firm of Kobic & Kobic, Sanitary Engineers for the City of Burbank, were also present.

The first matter discussed was the proposition to locate sewage purification and disposal works for Glendale and Burbank in the San Fernando Valley just west of the City of Burbank, about one mile north of the Los Angeles River. Frank Olmsted stated that he had prepared a tentative plan for sewage disposal for Glendale which contemplated the raising of the sewage to a point northeast of the City of Glendale about three miles from the Los Angeles River. This, however, would involve a considerable expense for raising the sewage to that point and a proposition has been called to his attention whereby the City of Burbank and Glendale might join in a disposal plant located in the valley northwest of the City of Glendale which would involve a considerable less expense on the part of the City of Glendale for pumping as the proposed location for disposal plant would be at a considerable less elevation than the one proposed in his plan. Frank Olmsted, further said that in suggesting this meeting he had in mind to ascertain without delay if possible the attitude of the City of Los Angeles towards the suggestion.  
(Continued on Page 2)

## Candidate Cryer in City

Attorney Albert D. Pearce called on the Evening News this morning in company with Geo. E. Cryer, one of the candidates for judge of the Superior Court, long term. Mr. Cryer is a very pleasant gentleman and his services to the city and county of Los Angeles have certainly given him the experience necessary for the office to which he aspires. He has served as First Assistant United States Attorney for the Southern District of California, First Assistant City Attorney of Los Angeles and Chief Deputy District Attorney of the county of Los Angeles.

## Permits \$271,293

Glendale has settled down to her stride on building permits, with a total of \$271,293 for the month so far and \$2,608,890 for the year 1920 to this date. There seems to be little doubt that the three million mark will be passed before the end of the year.

## PUMPKIN CONTEST

CORNWELL & KELTY HOLDING THEIR 9TH ANNUAL GUESSING BEE

The ninth annual pumpkin guessing contest of Cornwell & Kelty, hardware dealers at 107 South Brand, opened Monday morning and nearly 400 guesses have already been registered. The big pumpkin in the window attracts considerable attention from passersby. It was raised by A. P. Stone, Dan Kelty's father-in-law, at his ranch at Denair, near Turlock. Mr. Stone formerly owned a small ranch on Glendale avenue, just north of the Forest Lawn cemetery.

The 1918 pumpkin weighed 80 pounds and 3 ounces. The one guessed on in 1917 weighed 89 lbs., 9 oz. Cornwell & Kelty could not find one large enough for their purpose anywhere near Glendale this year so had to send over 200 miles for this one. It is a regular yellow cow pumpkin and it was given a coat of shellac, not only to preserve it but to add to its appearance.

## Y. M. C. A. ACTIVITIES

GLENDALE CLUBS ENTERTAIN GROUP FROM BURBANK

The Triangle and P X clubs of the Intermediate school gave a wienie roast last evening at the home of Joseph Maier, 608 North Adams. They entertained the Triangle Club of the Burbank Intermediate school, which came in full strength headed by their leader, Mr. Trout. W. G. Boyd, leader of the Glendale Triangle club, and Joseph Maier, leader of the P X club, were genial hosts and they had provided entertainment for the boys in the shape of athletic games and a track meet around the big bonfire. The Glendale boys won over their visitors in the games.

The groups of the various schools have not yet been reorganized for the year, owing to the difficulty of securing leaders. The boys are eager to join the groups and when the proper leaders can be secured the work will take on new impetus. Rex C. Kelly, the secretary for the Glendale district, is quite hopeful over the outlook. He says Eagle Rock is well organized, with competent group leaders and Burbank fairly well, but Glendale still lacks leaders, which he hopes to secure ere long.

## Visits Glendale Friends

It is noted that Jack Duncan, a brawny young welter weight from the South, who recently floored Battling Miner and Gene Martinelli in the first and second round respectively and won the decision from "the flying Jew," a noted ring sprinter, at New Orleans, is in Los Angeles and may be persuaded to meet a few of the hard-hitting ones at Vernon. Duncan is an all-around athlete, who likes the boxing game for sport's sake, and is thoroughly at home on horseback or in the water. His athletic exploits are best known in Tennessee, Arkansas and Louisiana but has traveled through most of the states East. He has visited several Glendale friends recently.

## Entertains at Luncheon

Mrs. J. F. Hearnshaw of 358 West Lomita avenue entertained a number of her friends at a luncheon yesterday. Yellow flowers, suggestive of the fall season, enhanced the beauty of her artistic home. The guests were Mrs. Chas. H. Sanders, Mrs. Bert Ward, Mrs. John Roman, Mrs. Bert Woodard, Mrs. Arthur Dibbern, Mrs. R. D. Angelica, Mrs. Jas. A. Appfel, Mrs. Wm. Bell, Mrs. E. Augustine, Mrs. Jack West and Mrs. Walter Jones. A delicious course luncheon was served.

## LEAGUE OF NATIONS

JUDGE BLEDSOE SPEAKS ON THIS SUBJECT AT HIGH SCHOOL

Judge Benjamin F. Bledsoe of Los Angeles addressed a fair-sized audience in the High School auditorium last night on the League of Nations from a non-partisan standpoint, he claimed. Attorney James G. Owen presided and introduced the speaker, who gave special attention to Article 10, declaring it would not impair America's sovereignty in the least, even with no reservations or interpretations. He contended that the Monroe Doctrine will not be impaired by this article nor Congress' power to declare war be nullified. He also claimed that it is not a Wilson League but a World League. The argument that England will have 6 votes to America's one because each of her great colonies is given a vote, was denounced as insincere, because of the fact that France, Italy and Japan also have but one vote each.

Judge Bledsoe's arguments were quite pleasing to those of his audience who favored the League as it stands, but of course did not agree with the opinions of the opponents of the League.

## Nimble Finger Club

The Nimble Finger club met with Mrs. Dora Hall, 126 South Maryland avenue, Tuesday evening. A very pretty comforter, of friendship design, was knotted and finished ready for sale and considerable other work accomplished. After the tasks were completed the ladies spent the remainder of the evening in pleasant conversation and music. At the close refreshments of home-made doughnuts and hot chocolate were served. In the serving the hostess was assisted by Miss Audrey Hall and Mrs. Winona Crawford.

## SECRECY IN DENTON MURDER CASE

OFFICERS ESTABLISH ROBBERY AS MOTIVE; COMPLETE "SOLUTION" OF CRIME RUMORED

(Special Service to Glendale Evening News)

LOS ANGELES, Oct. 22.—With a deeper cloud of secrecy drawn about the Denton murder investigation today by the district attorney's office than at any time since the gruesome discovery of Denton's badly decomposed body, rumors persisted that a complete "solution" of the crime was in the hands of Chief Deputy District Attorney Wm. C. Doran. Doran refused to make any statement.

Whether the so called "solution" involves a confession of the crime was not revealed, as the county grand jury again heard evidence in the case from numerous witnesses.

Rumors that an indictment had been prepared by the district attorney's office could not be confirmed. Neither was any light thrown on the identity of the person thought to have confessed the murder of the wealthy mining man.

One fact stood out of the maze of innuendo. Officers admitted they had definitely established the fact that robbery was the motive of Denton's assailant.

## ENGLAND ON WAR BASIS

SECRETARY SHORTT INTRODUCES MEASURE INTO PARLIAMENT GIVING WAR TIME POWERS TO GOV'T.

(Special Service to Glendale Evening News)

LONDON, Oct. 22.—England was being put on a war basis today. Confronting a virtual industrial revolution the government had introduced an emergency bill into Parliament giving it war time powers: the right to use military force for any purpose and authority to ration food and control all resources.

The measure was introduced by Home Secretary Shortt. The government move followed an announcement of a call for a general meeting of the Trades Union Congress to consider measures to settle the striking coal miners' wage demands. The congress will meet next Wednesday.

Taken in connection with the transport workers' announcement that they will join the miners if the government fails to resume negotiations, the General Trades Union call was regarded as a veiled threat that all British labor will consider joining the miners.

## TO TELL TRUTH AT ALL COSTS

PROF. YOSHI S. KUNO SAYS JAPS IN U. S. SHOULD RAISE STANDARD OF LIVING

(Special Service to Glendale Evening News)

BERKELEY, Oct. 22.—Prof. Yoshi S. Kuno, University of California Japanese professor, today declared he "will tell the truth at all costs," despite the receipt of letters threatening his life if he continues alleged derogatory utterances against the Japanese cause in California.

Kuno said the blame for anti-Japanese feeling in California rested entirely with the Japanese. "If the California Japanese Association devoted its energy to raising the standard of living, instead of spreading propaganda, the present situation would not be so serious," Kuno said.

## PRICES OUTRAGEOUSLY HIGH

(Special Service to Glendale Evening News)

NEW YORK, Oct. 22.—"Further adjustments in steel prices must be made," E. H. Gary, chairman of the Board of Directors of the United States Steel Corporation, told the American Iron and Steel Institute today. Gary said he considered voluntary reduction in selling prices and decrease of orders in certain lines of the steel industry was a helpful condition. "Without referring to individual cases I believe prices in some cases have been outrageously high," Gary declared. "The present tendency is toward lower and more reasonable prices," he said.

## ROOT DECLINES ANANIAS MEMBERSHIP

(Special Service to Glendale Evening News)

NEW YORK, Oct. 22.—As was expected, Elihu Root respectfully declined membership in the Ananias Club.

A thousand word telegram sent to Governor Cox by Root asserted he did the Democratic candidate no injustice in saying Cox declared "he will insist upon the treaty just as Mr. Wilson negotiated it." Root justified his statement by stating that "the declaration made by Governor Cox early in the campaign, immediately following his conference at the White House, to the effect that he and Wilson were in complete accord on the League of Nations question."

## OFFICIALS FACE PRISON TERMS

(Special Service to Glendale Evening News)

CHICAGO, Oct. 22.—Six officials of the Consumers' Packing Co. today faced prison sentences of possibly seventy years, following their conviction on fourteen counts of using the mails to defraud. The company is alleged to have defrauded stockholders of half a million dollars.

## TRUSTEES' MEETING

PERMIT GRANTED DR. FAREED MUCH OTHER BUSINESS TRANSACTED

The Board assembled at 8:10 p. m. October 21, 1920. Trustees Mrs. Bartlett, C. H. Henry, Spencer Robinson, Hartley Shaw and Dwight W. Stephenson being present.

The minutes of the regular meeting of October 14, 1920, were read and approved.

The rehearing in the case of Dr. Fareed's permit in Verdugo Woodlands was taken up. C. L. Chandler representing the residents read the original protest and one or two letters of protest since received. He stated that the district is strictly a residence section and is so designated in the restrictions named in the conveyance of property in that section. In replying to Mr. Chandler Dr. Fareed stated that the institution he proposes to establish will be neither hospital nor a sanitarium but merely a place for people who are not well but have some chance of getting better. In this connection a petition was read favoring Dr. Fareed's establishment signed by over fifty citizens, about one-third of whom are residents in Verdugo Canyon. A number of other citizens addressed the Board representing both sides in the matter and on motion of Trustee Henry, the following resolution was adopted, all voting Aye: "That permission is hereby granted to Dr. A. Fareed to conduct a rest home at his present residence in Verdugo Canyon; that this permit is on condition that no patient suffering from any infectious or contagious disease, tuberculosis, and no bed-ridden patient, and no more than ten (10) patients at any one time, shall be received in said rest home; and any violation of any of these conditions shall without further action make void this permit; and that the action of this Board taken October 7, 1920, granting to said Dr. A. Fareed permission for a rest home is hereby rescinded."

At this time the hearing in regard to the proposed jitney bus ordinance was called and no one being present to speak in regard to the matter it went over. On motion of Trustee Henry the hearing in regard to the opening of Commercial Street was postponed to four weeks from date. A communication was read from Judge F. H. Lowe requesting that he be granted a one-week leave of absence to be taken on alternate days. Upon motion of Trustee Henry it was granted. A communication was received  
(Continued on Page 12)

## BUILDINGS FOR H. S.

GLENDALE FIRMS AWARDED CONTRACTS FOR CONSTRUCTION, PLUMBING, HEATING

The contract for the additions to the Glendale Union High School has been awarded to Chas. W. Kent & Son as being the lowest bid of three offered. The contract price is \$22,214 for the four 2-room class-room bungalows and \$18,960 for the girls' gymnasium and locker room building, or \$41,174 in all for the carpenter work. The Glendale Plumbing Company was awarded the contract for plumbing at a price of \$3,817. Clem L. V. Moore was the successful bidder for the heating contract at \$1100. The high bids for the various contracts were \$56,500 for the buildings, \$5138 for the plumbing and \$1512.50 for the heating. The buildings are all to be of frame construction; in accordance with plans furnished by Architect C. C. Rittenhouse.

The above contracts total the sum of \$46,091. The balance of the \$60,000 bond issue voted for additions will be used in providing the furnishings for the buildings.

## Anniversary Dance

The anniversary dance of the American Legion will be given tomorrow night in the Central Building, upstairs, No. 111-A East Broadway. Some very successful dances were given by the boys last season, and they aim this to be the best of all. A jazz orchestra will furnish the music and it will be first-class. This is guaranteed by the management. Tickets are 55 cents, which includes the war tax, and this carries with it refreshments, also. The friends of the order and they are many, will undoubtedly patronize the dance largely, not only to assist the American Legion but because they can be assured that only the best people will be present and that all will be clean and wholesome.

## BACK YARD FRUIT

MRS. CLARA BROWN HAS GREAT VARIETY ON HER LOT

Mrs. Clara F. Brown has a young orchard on her lot at 331 Hawthorne. Although the lot is only 50x125 and there is a good-sized house on the front there is an apple and a walnut tree, 3 fig, 2 apricot, 2 plum, 1 almond, 1 peach, 1 walnut and 1 citrus tree, also a guava. The apple tree was budded two years ago with 8 banana apple and one red astrakhan buds, and all are growing nicely. The banana variety sprouts are all bearing, but the Astrakhan has not as yet shown any signs of fruitage. One of the apples borne this year was brought to the Evening News office. It is 13 inches in greatest circumference and weighs 13 ounces. The citrus tree was budded to navel and valencia oranges and grape fruit. All are bearing. Mrs. Brown says her little orchard is the wonder of all who see it but it is the result of careful selection, regular pruning and careful attention. She thinks too few of the property owners in Glendale are getting the proper use of their back yards, where almost every kind of fruit can be raised.

## Athlete Locates Here

The Evening News is informed that Glendale has a new athletic film celebrity in the person of Johnny Sinclair, who in his athletic accomplishments belongs to the Doug Fairbanks school of strenuousness. He expects to find a home here.

Sinclair is of New York stock, with Tennessee blending, and has spent most of his young life as a cowboy on the plains or traveling with circuses, finishing with service with the U. S. troops abroad. There he did many stunts for the Y. M. C. A. community camps; in fact, he is known in dozens of Y. M. C. A. gymnasiums and swimming tanks in the states as a champion boxer, swimmer, wrestler, diver, lariat thrower, rider and gymnast.

Sinclair's friends in the athletic clubs are backing him in several scheduled contests of brawn and skill in which he is also called before the camera for stunts on many occasions.

## Change Meeting Night

The Trustees of the City of Glendale at last night's meeting adjourned to meet Wednesday evening, October 27th. There was some whispering among them that they now and then like to see movie entertainments and it will be remembered that the night for the regular meeting is the date of the opening of the Glendale Theatre.

## New Meters Installed

Electric light meters were yesterday ordered installed in the residences nearing completion, as follows: S. N. Brown, 412 West Broadway; W. R. Weichert, 442 East Acacia avenue; F. W. Cornell, 632 E. Elk avenue; H. D. Strong, 412 South Louise.

## DEVIL'S GATE DAM

FORMALLY ACCEPTED BY BOARD OF SUPERVISORS FOR COUNTY

The Devil's Gate dam, which will impound the flood waters of the Arroyo Seco and provide a beautiful lake of many acres in area, was formally accepted from the contractor yesterday by Supervisor McClellan for the county board of supervisors. The work was thoroughly inspected beforehand by Mr. McClellan, who was accompanied by R. A. Borthick, construction engineer for the county and J. W. Reagan, flood control engineer.

This dam is 300 feet high and spans the narrowest part of the Arroyo Seco gorge. Across its top a concrete highway runs, connecting the Flint Ridge road with Pasadena. This makes a wonderfully beautiful scenic drive between Glendale and Pasadena, via Montrose, La Canada and Flint Ridge and when the lake is formed, which will probably be by next spring, there will be an added charm.

The entire structure was inspected yesterday, also the tunnel under the mountain, which is to carry off the first floods of the season. The dam is to be turned over to the county formally this morning when Mr. McClellan will bring the matter before the board of supervisors.

## SEWAGE DISPOSAL

Continued from Page 1)  
gested disposal plant in the valley north of the river.

Mr. Kobic, Sanitary Engineer for the City of Burbank, stated that his firm had prepared plans for sewage disposal for the City of Burbank which called for a disposal plant in the valley south of the city and that in connection with these plans certain sewage purification works were to be installed with a guarantee that no results detrimental to the Los Angeles water supply would follow.

Wm. Mulholland took the position that after all of the most modern methods and devices had been employed to purify the sewage that there was still an element of danger, that such matters were also subject to human error, sometimes neglect, and that the City of Los Angeles could not be expected to look with favor on any plan that had in it the least element of danger to the purity of the water of the Los Angeles River.

Health Officer Dr. Powers concurred in the position taken by Wm. Mulholland. City Engineer John A. Griffin stated that his department was engaged in perfecting plans for sewage disposal for the City of Los Angeles, calling for an expenditure from twelve million to fifteen million dollars and that having in mind the position taken by both the Water Department of Los Angeles and the Health Department in regard to sewage disposal along the Los Angeles River was anticipating the needs for sewage disposal of the entire district including Glendale, Burbank and the San Fernando Valley and that these plans call for the extension of a trunk line sewer that would to some extent parallel the river and receive all the sewage from the towns and villages adjacent thereto. John A. Griffin stated that in order to provide for these communities, some of which are not a part of the City of Los Angeles, it will be necessary to add considerably to the capacity and cost of these sewage disposal works. He said that it would greatly facilitate the campaign which they were about to inaugurate to vote the necessary bonds to finance this project if the people of Los Angeles could be assured that the districts outside the city that are to be served stood willing to pay their proportionate part of the cost thereof.

Frank Olmsted, speaking for the Glendale committee, stated that he was quite positive that the Board of Trustees and the people of Glendale would be pleased to consider their obligations in this matter provided it would not involve the annexation of the City of Glendale to the City of Los Angeles and that on that basis they would be glad if the Engineering Department of the City of Los Angeles would furnish the Glendale community with an estimate of the cost of Glendale's proportion of these proposed sewage disposal works together with Glendale's proportionate cost of the trunk line extending from the junction of the Arroyo Seco and Los Angeles River to Glendale and San Fernando Valley. This suggestion by the Glendale committee brought forth expressions of approval from all of the Los Angeles representatives, each of whom seemed to recognize that the problem of sewage disposal for the district to be served by these proposed works should be handled independently and upon its own merits and should not necessarily involve the political consolidation of all of the municipalities involved.

Chief Counsel W. B. Matthews suggested that possibly legislation would be necessary in order to provide local means for carrying out such a procedure.

G. Gordon Whitnall of the Los Angeles City Planning Commission stated that the northern bay cities had some similar plans involving joint action by several municipalities in the development of their respective water supplies and that no doubt legislation would be passed by the coming state legislature along these lines and that he saw no reason why this same legislation could not be so drawn as to include procedure such as had been suggested.

The Glendale committee stated that they would be pleased to receive and report to their Board of Trustees any further statement that the Los Angeles representatives might have in connection; they would be glad to know the attitude of the City of Los Angeles in regard to joint action by the two municipalities in this matter and also as to the proportionate cost the City of Glendale would be expected to bear. It was agreed that as soon as information could be had on these two points another conference would be held.

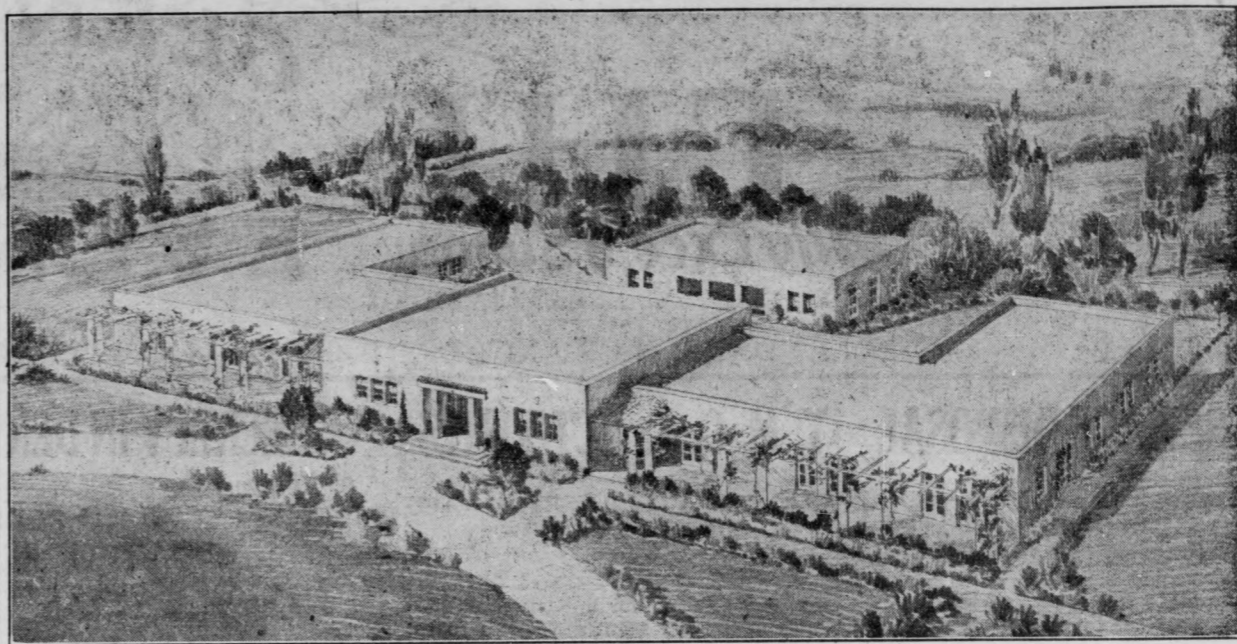

Respectfully submitted,  
T. W. WATSON,  
City Manager.

## Your Opportunity!

There is less than \$15,000 of the \$100,000 capital stock of the Glendale Research Hospital remaining unsold.

We have had a good deal to say about the value of this hospital to the city of Glendale and to the people individually, and of our plans for making it the most modern hospital in Southern California, but since the work on the building has progressed so far that all can see for themselves what is being done, it is not necessary to say more about that.

Now, we only leave it to your best judgment to decide whether Glendale Research Hospital stock is a good investment. Nearly 175 Glendale families have decided that it is and have become stockholders. We could stop selling stock right now but we are not going to. We are going to sell every one of the 1000 original shares and open this hospital free from debt.

We should like to have you among our stockholders. You can buy as little as one share (\$100) and pay for it in monthly or quarterly installments if you wish. Won't you look over the building which is located in Piedmont Part Tract, corner Lexington and Adams, and see what we are doing, and familiarize yourself with the value of hospital stock? If you do, you'll become as enthusiastic as the rest of us.

Call Glendale 408 for appointment and let us talk it over

### Kings and Monkeys

We in this age are aware that kings may be of pretty common stuff, that they possess no powers superior to many of lowly birth, that a king is only a man. According to the ancient idea, and not much less so of the Stuarts of England and the Hohenzollerns of Germany, a king was a superior creature, a demigod, sometimes claiming supernatural descent.

It is still true that a considerable portion of the inhabitants of the earth will kow-tow to one of royal birth and feel themselves honored by any nod or favor accorded, but that is an exhibition of man's weakness. King Alexander of Greece is ill, suffering from a monkey's bite. Doubtless he was not bitten because he was a king, but because he interfered with the monkey's pleasure. But being a king does not render him

immune from the ills of common men.

Which goes to show that in setting up kings men builded on imagination. They ascribed attributes that exist only in imagery. The monkey probably was not aware that he was attacking a king, but it would have made no difference. The simian could not distinguish between a king and a peasant, because there is no real difference as far as both being mortal. The king may be more capable in some ways because he has earthly advantages denied to the man of humble birth, but he is the same kind of man. That he is set on a pedestal does not change his nature.

### State News

(By United Press)  
STANFORD UNIVERSITY, Cal., Oct. 22.—Stanford University has been offered a chance to add to its faculty one who claims to be the possessor of not the source of all knowledge.

Not only is the applicant willing to assume any professorship in Stanford University on the ground of "my special knowledge pertaining to that chair—regardless of what it is," but he is ready to teach theology in soviet Russia or for \$200,000 will place "constitutional government in the United States."

Let the letter of application, received by Dr. Ray Lyman Wilbur, president of Stanford, speak for itself:

"I have the honor of informing you that until Russian agents called upon me soviet Russia was atheistic. Since that time they have established a chair of theology in their national university."

"This chair is vacant and will be until such time as an applicant appears before the intellectual workers and proves his fitness for the chair by explaining everything in the universe. I have applied for this chair."

"Of course you understand theology is logic applied to the first cause of all things and until the cause is understood, humanity is deprived of the benefits from the effects—and nature can only be ruled through recognizing and obeying the laws of nature."

"I understand that your institution is interested in psychical research and Plato said a mouthful when he said 'To know all about the soul, you must know all about all things.'"

"Now I know all about the soul."

"For your information, I charged the Interchurch World Movement with obtaining funds under false pretenses and the department of justice barred them from the use of the mails in obtaining funds for Christian propaganda."

"I have also attempted to obtain a contract from the federal government for the purpose of placing constitutional government in the United States—I only asked two hundred thousand for the job—but they did not have authority to close the contract with me—'passing the buck.'"

"Since I can obtain a medical license through reciprocity and since my ideal is to lecture in an institution and practice medicine as well, I herewith apply for a chair in your institution and base my appointment upon my special knowledge pertaining to that chair—regardless of what it is."

SAN MATEO, Cal.—Work has been commenced on the Pacific Studios corporation site here where 12 motion picture studios are to be erected.

The location is especially desirable because it affords a background for the "shooting" of almost any kind of outdoor picture. Not far away is the ocean. Nearby is an island, almost uninhabited. A few miles away are foothills.

OAKLAND, Cal.—In contrast to former years, when an announcement of a vacancy in police ranks would bring scores of aspiring "cops" to the civil service offices, candidates for positions on Oakland's police force now are so scarce that the civil service commission is making liberal concessions in order to get men. Applicants not heavy enough to pass the tests are granted sixty days to make the necessary weight. The small pay makes it almost impossible to get recruit patrolmen, board members say.

OAKLAND, Cal.—San Francisco Bay Democrats will have an opportunity of hearing William G. McAdoo, former secretary of the treasury, tonight when he will address a mass meeting in the auditorium here.

### A Live Question

The former teacher of English in Chicago who asserts that he wasted 30 years of his life dispensing knowledge may be justified in this conclusion from his personal experience. Certainly in the teaching profession there will not be lacking those who will nod approval to this assertion. And if in his declining years he gives up teaching to enjoy the greater returns which his newly-opened beauty parlor brings him, he may possibly find himself happier in this more lucrative undertaking.

But whether many teachers will go all the way with him to forsake teaching for other better paid pursuits is a question on which one may reasonably entertain some doubt. In view of his increased returns this professor may find as much enjoyment in addressing himself to the outside of the heads of his clientele as he did formerly in treating the inside of the heads of his students; the head seems to respond more quickly to external than to internal applications for improvement. It must be admitted alike by teacher and beauty parlor expert that most people are willing to pay more for a marcel wave or a permanent curl than for even the most valuable lesson taught them by a teacher of English.

The teaching profession has been underpaid in the past, and in so far as any assertion can be made on this point it is safe to say that it is still underpaid to a degree to merit public attention. Within the last few

## Let the Home Bank Help

In choosing your bank keep in mind, first the protection your money will receive, but do not overlook the matter of convenience and accommodation.

Is there any reason for going out of your home community to do your banking when this bank can just as surely safeguard your funds? Is there any reason why you should seek out a stranger who has no interest in you to ask financial assistance and advice when the officers and staff of this bank have a personal interest in you because they know you?

Our bank is no less able to protect you than other banks, hence we do not hesitate to ask your business.

### NOTICE OF SALE OF PROPERTY

Delinquent for Non-Payment of Bond Issued for the Improvement of Broadway in the City of Glendale, California.

Default having been made in the payment of the installment of the principal and interest of that certain street improvement bond hereinafter described which became due on the 2nd day of July, 1919;

And the holder of said bond having, on the 21st day of September, 1920, duly demanded in writing that the City Treasurer of the said City of Glendale proceed to advertise and sell the lot or parcel mentioned in said bond and hereinafter described, to represent an assessment upon which said bond was issued for making certain improvements on Broadway Street, in the City of Glendale, pursuant to and under the provisions of Resolution of Intention No. 1043 of the City of Glendale and the said bond, or its unpaid remainder, with accrued interest, as expressed in said bond, having thereupon become due and payable immediately, and upon the day following, to-wit: the 3rd day of July, 1919, having become delinquent, and the whole amount due on said bond not having been paid;

Now, Therefore, notice is hereby given that I, J. W. Stauffacher, City Treasurer of the City of Glendale, under and by virtue of the authority vested in me by law, will, on the tenth (10th) day of November, 1920, at the hour of eleven o'clock a. m. of said day, sell at public auction the real property hereinafter described and mentioned in said bond, at the office of the said City Treasurer, in the City Hall of said City of Glendale, No. 619 East Broadway, unless the amount due on said bond and the interest due thereon, together with the cost of publication of this notice, are paid, according to law; and that I will so sell the same to the person who will pay the amount of unpaid principal and interest due on said bond, together with the cost of publication of this notice; that the said sale will be made in accordance with and under the provisions of an Act of the Legislature of the State of California entitled: "An Act to Provide for work in and upon Streets, Avenues, Lanes, Alleys, Courts, Places and Sidewalks within Municipalities, and upon Property and Rights of Way owned by Municipalities, and for establishing and changing the Grades of any such Streets, Avenues, Lanes, Alleys, Courts, Places and sidewalks and Providing for the Issuance and Payment of Street Improvement Bonds to Represent Certain Assessments for the cost thereof and Providing a Method for the Payment of such Bonds." Approved April 7, 1911 and amendments thereto.

That the said bond referred to in this notice is described as follows:

Street Improvement Bond, Number 40, Series 6, Assessment Number 104, in the City of Glendale, County of Los Angeles, State of California, for the sum of Two Hundred Sixty 04-100 dollars (\$260.04) bearing interest at the rate of seven per cent per annum, issued for the improvement of Broadway Street, in the City of Glendale from a line drawn 10 ft. Easterly from and parallel with the Wly. line of Glendale Avenue to the Easterly line of the City of Glendale said bond is dated June 30, 1919, and is issued to represent the assessment upon the hereinafter described property mentioned in said bond, and to represent the assessment against which said bond was issued, is that certain parcel of land situate in the City of Glendale, County of Los Angeles, State of California, more particularly described as follows, to-wit:

Lot 4, Block 18, McIntyres Miner Tract (Except that portion included in Broadway) as per Map Book 9, Page 123, Records of Los Angeles County, California.

That the amount due on said bond is as follows:

Due on principal thereof, Twenty-six and no-100 dollars (\$26.00); due on account of interest accrued on said bond, Twenty-two and 60-100 dollars, (\$22.60); due on account of penalties accrued on said past due payments, Four and 33-100 dollars (\$4.33); total amount due on said bond, Fifty-two and 93-100 dollars, (\$52.93).

That the name of the owner of said property mentioned in said bond is Unknown.

Unless the amount of said bond as aforesaid, together with the cost of publication of this notice is paid, the real property mentioned in said bond, and hereinafter described, will be sold at public auction, as aforesaid, on the 10th day of November, 1920, at the hour of 11 a. m. of said day, at the office of the undersigned, City Treasurer of the City of Glendale, in the City Hall, No. 619 East Broadway, said City.

This notice shall be published for two weeks in the Glendale Sentinel-Progress, a newspaper of general circulation, published in the said City of Glendale, which said newspaper is hereby designated by me as the newspaper in which this notice shall be published.

J. W. STAUFFACHER,  
City Treasurer of the City of Glendale.

Dated, Glendale, California, October 12th, 1920. 2t

The British government is said to be industriously searching for a suitable wife for the young Prince of Wales. But pass on, gents, this town is not interested.—Bluegrass (Ky.) Clipper.

Felix Diaz has been exiled from Mexico to Havana. A lot of Americans probably wouldn't object seriously to a temporary exile to Havana.

## No other pencil can compare with EVERSHARP

Throughout the world millions of writers—men, women, and children—have adopted Eversharp as the one perfect writing instrument. It is they who say: "No other pencil can compare with Eversharp."

For Eversharp is **always sharp yet never sharpened**. It writes smoothly and easily at all times. It lasts a life-time. And—Eversharp is **uniquely** beautiful, designed with consummate skill by jeweler craftsmanship.

Convenient and time saving, serviceable, economical and beautiful, Eversharp comes in various styles and at prices to suit—everybody. Be sure you get Eversharp—the name is on the pencil.

Eversharp carries eighteen inches of Eversharp Leads, enough to assure several months of unflinching writing comfort. A quarter replenishes the supply.

It is advisable to keep an extra box of Eversharp Leads on hand. Never attempt to use ordinary leads because they will not give satisfaction. The reason for this is, first: Because Eversharp Leads are made to fit the Eversharp Pencil.

And—Eversharp Leads, in various degrees of hardness, have a fineness, firmness and smoothness which can not be successfully imitated. One dozen Eversharp Leads writes 250,000 words at 10,000 words per penny. Look for the name Eversharp on the box. It is there for your protection.

### NOTICE OF SALE OF PROPERTY

Delinquent for Non-Payment of Bond Issued for the Erection of Canada Boulevard Bridge and Protection Work in the City of Glendale, California.

Default having been made in the payment of the installment of the principal and interest of that certain street improvement bond hereinafter described which became due on the second day of July, 1919.

And the holder of said bond having, on the sixth day of October, 1920, duly demanded in writing that the City Treasurer of the said City of Glendale proceed to advertise and sell the lot or parcel mentioned in said bond and hereinafter described, to represent an assessment upon which said bond was issued for erecting Canada Boulevard Bridge and Protection Work in the City of Glendale, pursuant to and under the provisions of Resolution of Intention No. 744 of the City of Glendale and the said bond, or its unpaid remainder, with accrued interest, as expressed in said bond, having thereupon become due and payable immediately, and upon the day following, to-wit: the third day of July, 1919, having become delinquent, and the whole amount due on said bond not having been paid;

Now, Therefore, notice is hereby given that I, J. W. Stauffacher, City Treasurer of the City of Glendale, under and by virtue of the authority vested in me by law, will on the tenth (10th) day of November, 1920, at the hour of eleven o'clock a. m. of said day, sell at public auction the real property hereinafter described and mentioned in said bond, at the office of the said City Treasurer, in the City Hall of said City of Glendale, No. 619 East Broadway, unless the amount due on said bond and the interest due thereon, together with the cost of publication of this notice, are paid, according to law; and that I will so sell the same to the person who will pay the amount of unpaid principal and interest due on said bond, together with the cost of publication of this notice; that the said sale will be made in accordance with and under the provisions of an Act of the Legislature of the State of California entitled: "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work, and Improvement within Municipalities, and also for the Payment of such Bonds," approved February 27, 1893, and amendments thereto.

That the said bond referred to in this notice is described as follows:

Street Improvement Bond, Number 187, Series 1, Assessment Number 233, in the City of Glendale, County of Los Angeles, State of California, for the sum of Nineteen and 24-100 dollars, (\$19.24) bearing interest at the rate of seven per cent per annum, issued for the erection of Canada Boulevard Bridge and Protection Work in the City of Glendale.

Said bond is dated May 16th, 1916,

and is issued to represent the assessment upon the hereinafter described property mentioned in said bond for the street improvement above mentioned.

That the property mentioned in said bond, and to represent the assessment against which said bond was issued, is that certain parcel of land situate in the City of Glendale, County of Los Angeles, State of California, more particularly described as follows, to-wit:

All that part of Lot 2 of the Verdugo Estate, as per Map Book 12, Page 34-35, lying West of a line drawn 600 feet Easterly from and parallel with the Easterly line of Verdugo Canyon Road.

That the amount due on said bond is as follows:

Due on principal thereof Seventeen and 50-100 dollars, (\$17.50); due on account of interest accrued on said bond One and 74-100 dollars, (\$1.74); total amount due on said bond Nineteen and 24-100 dollars, (\$19.24).

That the name of the owner of said property mentioned in said bond is Unknown.

Unless the amount of said bond as aforesaid, together with the cost of publication of this notice is paid, the real property mentioned in said bond, and hereinafter described, will be sold at public auction, as aforesaid, on the tenth day of November, 1920, at the hour of 11 a. m. of said day, at the office of the undersigned, City Treasurer of the City of Glendale, in the City Hall, No. 619 East Broadway, said City.

This notice shall be published for two weeks in the Glendale Sentinel-Progress, a newspaper of general circulation, published in the said City of Glendale, which said newspaper is hereby designated by me as the newspaper in which this notice shall be published.

J. W. STAUFFACHER,  
City Treasurer of the City of Glendale.

Dated, Glendale, California, October 12, 1920. 2t

## ORDINANCE NO. 406

AN ORDINANCE OF THE CITY OF GLENDALÉ CALLING A SPECIAL ELECTION TO BE HELD IN SAID CITY ON THE 2D DAY OF NOVEMBER, 1920, AND SUBMITTING TO THE QUALIFIED VOTERS OF SAID CITY THE PROPOSITION OF INCURRING INDEBTEDNESS FOR THE ACQUISITION, CONSTRUCTION AND COMPLETION OF CERTAIN MUNICIPAL IMPROVEMENTS, TO-WIT: PUBLIC GYMNASIUMS, MUSEUMS AND BATHS, INCLUDING THE NECESSARY FURNISHING, IMPROVEMENT AND EQUIPMENT FOR THE SAME; SUBDIVIDING THE CITY INTO ELECTION PRECINCTS, DESIGNATING THE POLLING PLACES AND APPOINTING ELECTION OFFICERS FOR SAID ELECTION.

WHEREAS, THE BOARD OF TRUSTEES OF THE CITY OF GLENDALÉ, at its regular meeting held on the 7th day of October, 1920, by a vote of more than two-thirds of all its members duly passed and adopted a resolution determining:

That the public interest and necessity demand the acquisition, construction and improvement by the City of Glendale of certain municipal improvements, to-wit: public gymnasiums, museums and baths, including the necessary furnishing, improvement and equipment for the same.

That the estimated cost of said improvements is the sum of ONE HUNDRED THOUSAND AND NO-100THS DOLLARS (\$100,000.00), and that it will be too great to be paid out of the ordinary annual income and revenue of said City. That said improvements would require an expenditure greater than the amount allowed for the same by the annual tax levy; and whereas said resolution was duly signed and approved by the President of the Board of Trustees of the said City on the 7th day of October, 1920, and was attested and certified to by the City Clerk and was duly published on the 8th day of October, 1920, in the Glendale Evening News, a daily newspaper printed, published and circulated in the City of Glendale;

NOW, THEREFORE, the Board of Trustees of the City of Glendale do ordain as follows:

SECTION 1. That a special election be held and the same is hereby called to be held in the City of Glendale on Tuesday the 2d day of November, 1920, for the purpose of submitting to the qualified voters of said City the proposition of incurring indebtedness and issuing bonds of said City in the amount hereinafter set forth, and for the purposes set forth in said resolution and hereinafter stated:

SECTION 2. That the objects and purposes for which said indebtedness is proposed to be incurred and bonds issued therefor, are as follows, to-wit:

The acquisition, construction and completion of public gymnasiums, museums and baths, including the necessary furnishing, improvement and equipment for the same, and providing for the issuance of bonds therefor.

SECTION 3. That the estimated cost of said proposed municipal improvements described in Section 2 hereof, is ONE HUNDRED THOUSAND AND NO-100THS DOLLARS (\$100,000.00); that the amount of the principal of the indebtedness to be incurred therefor, is the sum of ONE HUNDRED THOUSAND AND NO-100THS DOLLARS (\$100,000.00). The Board of Trustees of the City of Glendale in its discretion hereby fixes and determines that the rate of interest to be paid on said indebtedness shall not exceed six (6%) per centum, per annum, payable semi-annually, and that said rate shall not be exceeded in the issuance of said bonds for said indebtedness; that if the proposition for incurring said indebtedness for said purposes so submitted at said election receive the requisite number of votes, to-wit: two-thirds of the votes of the qualified voters voting at such election, bonds of said City in the amount of ONE HUNDRED THOUSAND AND NO-100THS DOLLARS (\$100,000.00) shall be issued and sold for the purpose of acquiring and constructing said municipal improvements; both principal and interest of said bonds shall be payable in gold coin of the United States of the present standard weight and fineness.

SECTION 4. The ballots to be used at said election shall be printed substantially in the following form:

INSTRUCTION TO VOTERS

To vote in favor of the proposition, stamp a cross (X) in the voting square to the right of and opposite the word "Yes"; to vote against the proposition, stamp a cross (X) in the voting square to the right of and opposite the word "No."

ALL MARKS EXCEPT THE CROSS (X) ARE FORBIDDEN  
ALL DISTINGUISHING MARKS OR ERASURES ARE FORBIDDEN,  
AND MAKE THE BALLOT VOID

IF YOU WRONGLY STAMP, TEAR OR DEFACE THIS BALLOT, return it to the inspector of the election and obtain another

Shall the City of Glendale incur a bonded debt of ONE HUNDRED THOUSAND AND NO-100THS DOLLARS (\$100,000.00) for the purpose of the acquisition, construction, and completion of the public gymnasiums, museums and baths, including the necessary furnishing, improvement for the same?	YES
	NO

SECTION 5. That said special election for said City of Glendale is hereby consolidated with the general election of November 2, 1920, to be held throughout the State of California, and in the City of Glendale in said State, and the precincts, polling places and officers of said special election shall be the same as those set forth in the notice and other pro-

## Wool Output

FREDERICTON, New Brunswick.—The provincial output in wool this year has amounted to about 70,000 pounds, and of this about 35,000 pounds has been disposed of to American buyers.

You could not convince a low-brow politician that he does not have all the qualifications of a statesman.

ceedings calling the said general election for November 2, 1920, as provided for by order of the Board of Supervisors of Los Angeles County, entered on October 1, 1920, and said general election with which the special election in the City of Glendale is hereby consolidated, is hereby referred to and described as the "General Election of November 2, 1920."

SECTION 6. That in all particulars not recited in this ordinance and not in conflict with the laws governing the holding of the said general election, said special election shall be held and conducted as provided by law for the holding of municipal elections in said City.

SECTION 7. The City Clerk shall certify to the passage and adoption of this ordinance by a vote of two-thirds of all the members of the Board of Trustees of said City, and its approval by the President of said Board of said City, and shall cause the same to be published, once a day for at least seven days in the Glendale Evening News, a daily newspaper, printed, published and circulated in the City of Glendale, and thereupon and thereafter it shall take effect and be in full force.

Adopted and approved this 21st day of October, 1920.

HARTLEY SHAW,  
President of the Board of Trustees of the City of Glendale.

Attest:  
J. C. SHERER,  
City Clerk of the City of Glendale.

STATE OF CALIFORNIA,  
COUNTY OF LOS ANGELES, (SS.  
CITY OF GLENDALÉ)

I, J. C. SHERER, City Clerk of the City of Glendale, do hereby certify that the whole number of members of the Board of Trustees of the City of Glendale is five, and that the foregoing ordinance was passed and adopted by a vote of two-thirds of all its members and approved by the President of said Board at a regular meeting thereof held on the 21st day of October, 1920, and that the same was passed by the following vote, to-wit:

Ayes: Bartlett, Henry, Robinson, Shaw, Stephenson.

Noes: None.

Absent: None.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the City of Glendale this 21st day of October, 1920.

J. C. SHERER,  
City Clerk of the City of Glendale.

AUTO INSURANCE, COMPENSATION INSURANCE AND BURGLAR INSURANCE

**H. L. MILLER CO.**

109 S. Brand Glen. 853

## Personals

A three-room residence at 119 S. Adams has been contracted for by W. B. McLaughlin.

J. R. Carline and family have moved from 368 Salem to 1332 North Columbus avenue.

Geo. W. Henderson and family have moved from 917 North Louise to 443 Patterson avenue.

John Esterly has commenced a 5-room residence and a garage at 436 Oak street, to cost \$4000.

John A. Fisher is building a four-room residence and garage at 602 West Colorado, to cost \$1500.

C. F. Ireland is adding a screen porch, sleeping room and kitchen to his residence at 339 Oak street.

James Shea of 1608 South Brand has returned home from Ventura, where he had been working for some time past.

Mrs. Mary Holmholz is having erected at 214 West Garfield avenue, a four-room residence and garage, to cost \$2200.

Henry J. Oimstead is adding quite an elaborate sleeping porch to his residence at 364 West California avenue, to cost \$500.

Geo. Alston and family have moved from 361 Vine to 127 South Kenwood and the H. A. McPherson's from 416 Pioneer Drive to their new home at 336 Patterson avenue.

John Fanset and wife of 1006 E. Harvard are away on an extended auto trip up north, during which John expects to do some hunting and fishing.

Mrs. Emily Brown Anderson is having a four-room residence built at 712 South Glendale avenue and also a shed addition to the garage already on the place.

F. M. Ream and wife, who recently sold their home, 145 South Pacific avenue, have moved to 8569 Moneta avenue, Los Angeles, near a meat market Mr. Ream bought.

R. W. Fellows and wife of Attica, N. Y., who have been spending their winters in Glendale, recently wrote the Evening News, in renewing their subscription, "We enjoy the Evening News very much and are so disappointed that we can't get out to Glendale this fall."

E. W. Cizek, in charge of the Willard Auto Service Station at 300 S. Brand, has moved into the house at 446 Oak. J. A. Tone and family, who had been living there and who sold the place to Mr. Cizek, have moved to 635 Geneva. Mr. Cizek moves here from Hollywood.

This evening at 8 o'clock a reception will be given by the members of the West Glendale Methodist Episcopal church, corner of Harvard and South Pacific avenue, to their pastor, Rev. W. W. Cookman, who has been returned by the Annual Conference to the pastorate of this church for a third year.

Dr. Jessie A. Russell was a guest at the reception given by Mrs. Clara Shortridge Foltz in honor of her brother, Samuel M. Shortridge, candidate for the United States Senate, at her home in Los Angeles. It is estimated that over 1200 were in attendance. Later Dr. Russell attended the annual reception of the Friday Morning Club.

M. P. Harrison is greatly enjoying country life on the Everson ranch, corner Sixth and Grand View avenue. He is an inveterate joker and keeps the neighbors wondering where he will break out next. Because of the cluster of rural mail boxes located at the corner of his front yard they now turn his initials about and dub him P. M. (Postmaster) Harrison.

S. P. Stanford of Milford street has bought the L. A. Wood place, as it is still designated, of Mr. and Mrs. H. Torrey, who bought of Mr. Stanford a few years ago. The Stanfords moved to Van Nuys at that time but returned to Glendale some months ago. The property in question is at 245 South Orange, corner of Colorado. The Torreys have moved to Fresno.

Mr. and Mrs. Andrew McIntyre of 718 East Harvard entertained Tuesday evening at dinner for their daughter, Mrs. J. E. Flewelling, and her son George of New Brunswick, Canada. Mrs. Geo. McLeod of the same city, Mrs. Helen Campbell and Miss Anna L. McIntyre of Glendale. Mrs. Flewelling and her son were entertained the following evening by Mr. and Mrs. J. F. Hovey of Los Angeles.

When Traffic Officer Trautwein overhauled a big shiny auto speeding along Central avenue at over 30 miles an hour in the 20-mile zone through heavy traffic yesterday, he was greeted with a dazzling smile from a very pretty little woman who said she was Mary Miles Minter. When firmly told by the officer that she must appear in court next Monday, Oct. 26th, to answer for violating the traffic laws she remarked: "I'm all the time getting arrested for driving too fast, so this is not a new experience."

## "STOP A MOMENT"

SLOGAN OF NEW CAMPAIGN LAUNCHED TO PREVENT CROSSING ACCIDENTS

So frightful has been the toll taken lately by auto accidents at railroad crossings that an active campaign for future prevention of these disasters has been undertaken by the great transcontinental lines entering in Los Angeles. Campaign posters are to be placed in garages in all cities and arrangements have been made with the big oil companies to allow posters to be placed in their filling stations. A new safety slogan, "Stop a Moment," has been adopted, and featured in the posters. This campaign to eliminate grade crossing accidents is being put on all over the state. Some statistics appearing on the new posters are the following: Seventy-three autos stalled on the tracks, 46 people killed, 152 machines wrecked, and all these occurring the past year at grade crossings where the view was unobstructed. The "Safety First" campaign of a few years ago did much to cut down the number of crossing accidents, but there is still room for great improvement and this new slogan of "Stop a Moment" bids fair to be as universally used as the former. Of course no device, no campaign and no slogan is fool proof and despite every effort there will yet be some who will try to beat the engine to the crossing or disregard all warning signals.

## GOOD CITIZENSHIP

COMES THROUGH EQUAL EDUCATION, IS ARGUMENT OF AMENDMENT 16 SUPPORTERS

(Communicated) Good citizenship through equal education—is one of the arguments advanced by those who support amendment 16, to be voted on at the November elections. That the present system, employed in California, for the financing of schools does not make for equality of educational opportunity and that it is consequently a barrier to state-wide good citizenship is the contention of educators who have organized committees throughout California to work in support of the proposed amendment.

Amendment 16 provides that the state assume greater responsibility in providing funds for public education rather than the district which at present bears the greatest burden of taxation for this purpose. Such a change, it is said, would mean that rural districts, poor in taxable property, would be able to maintain efficient schools. According to a pamphlet prepared by the Committee of Fifteen, it is argued that unless the state does "its fair share in supporting education, the very life of the nation is imperiled. Many districts are entirely without teachers and schools are closed throughout the year."

The importance of amendment 16, it is declared, is not generally realized by voters who are often but slightly acquainted with the system of supporting public education. "A vote for this amendment," says Will C. Wood, State Superintendent of Education, "will uphold the principle that money for schools shall be raised where income is, and distributed and expended where children are."

## Judges Speak Tonight

There will be a big rally in the High School Auditorium tonight at which Judges Gavin W. Craig, Dana R. Weller, Charles Crail, Lewis Myers and John W. Shenk, also E. L. Kerns, R. Thompson and Lew Guernsey will speak. All the amendments to be voted on in the November election and the Japanese exclusion act in particular will be explained. People of all political affiliations are invited.

## Commercial St. Hearing

For the benefit of residents of Glendale who are interested in the opening or non-opening of Commercial street, we make the announcement that the board of trustees of Glendale at last evening's meeting voted to defer further consideration on the question for four weeks.

Folks who go right along being good citizens may not often get their names in the papers, but they are playing the safest game.

The reluctance so many voters show toward giving up their money for campaign purposes seems to speak eloquently of yawning coal bins.

## Fareed Permit Granted

The Verdugo Woodlands residents were out again in full force last evening at the meeting of the board of city trustees. There was a division however in their forces on the question of granting a permit to Dr. Fareed, who had made application to receive into his home in the Woodlands men and women who are in need of physical rest. The permit asked for by Dr. Fareed, was granted to him two weeks ago, and at the meeting of the board a week ago, the trustees at the request of many citizens of the Woodlands decided to reconsider the question, and allow both sides to be heard at the next meeting of the board which was last night. After a full discussion participated in by Dr. Fareed and his friends on one side and C. L. Chandler and others on the other side, the board of trustees voted to grant the permit as outlined in the minutes found in another column of this issue of the Evening News.

## About Spirits and Suits

By "MARJORIE"  
(Written for the United Press)  
NEW YORK, Oct. 22.—Is the traditional American tailored suit passing? This is the question haunting the tailored girl of today, as she sees the hodge-podge effects in suits that are in the market this season. The fact is that this year as never before there seems to be a sharp line of cleavage of sport clothes and street clothes. To be sure there are some sport suits of mannish tweeds, patch or insert pockets, and comfortable skirt width, but street suits are a long cry away from the tailored suit that was at the topnotch of sartorial chicness in yester fashion years.

This year suits seem to flaunt the slogan of "the more, the merrier." The more metallic tinsel, embroidery, beads, fur, braid, buttons, and span-gles that dribble from them, the more il faut are they. Aside from the confusing array of trimming, even lines are becoming hodge-podge. Thus, suits of tiered, ruffled, or shirred skirts are shown with cape or panel coats. The reign of the fluffy-ruffly suit is upon us. Even such suits as are cut on long directoire lines in an attempt to get back to the classic tailored effect carry out this new rage by Medici frills of fluted net, lace, or satin at cuff and throat.

Considering that suit skirts are being worn shorter than for many seasons back—twelve inches above being the regulation height—the ensemble of a suit overlaid with embellishments and broken by tiers of

-----Fresh Fruits and Vegetables Daily-----

capas or skirt bandings, is a "choppy" effect, to say the least.

A typical modish suit is now in the window of a very high-priced ladies' suit shop. The material is wool velour of a peacock blue shade. The raglan-sleeved coat is cut surplice and is fastened by carved wooden buttons of colors ranging from red to yellow. The entire coat is circumnavigated by rows of fluting, made from blue chiffon and stitched onto the suit with yellow silk. Fitch bandings finish collar and cuffs. The skirt is three-tiered and has the fluted trimming upon each tier. We grant that the ensemble is novel, but it is also "gingerbready."

This over elaboration does not seem quite so out of place upon dress suits, fashioned from velvets, brocades, or satins. But upon the whole it is the cloth suits of velour, duvet de laine, or peach bloom that exploit trimming the most, and the richer fabrics content themselves

with a trifling bit of metallic embroidery or fur bands. Such a dress suit is shown of taupe chiffon velvet. The coat is very widely circular at the bottom and is richly embroidered with a leaf and flower pattern wrought in copper silk and iridescent beads. A velvet sash of taupe overlaps the peg-top skirt, and taupe fur bandings outline neck and cuffs.

The box coat with leg o'mutton sleeves is back this season. These suit coats are generally cut surplice front and are either banded with fur or adorned with huge carved buttons. Buttery or scarf collars are very chic. Tunic suits present the novelty of slashes, front, sides and back, with folds of the gay lining showing through the slashes. These tunics have their ups and downs, as one side generally hangs lower than the other. Such skirts as are straight in line are besprinkled with intricate beaded and braided designs.

## AMENDMENT 16

PROF. NORMAN WHYTECK, OF INTERMEDIATE, PLEADS IN ITS FAVOR

Prof. Norman Whyteck, of the Intermediate school, sets forth in the following statement, some of the reasons why educators favor the carrying of Amendment 16:

That the equalization of educational opportunities throughout the state rests with a favorable vote cast on Amendment 16, to appear on the coming election ballot, is the contention of Californian educators and those who have been in a position to study the present method of financing the public school system.

Statistics, compiled by a committee of fifteen in support of this amendment, go to show that of the state, county and district the latter has increasingly borne the burden of supporting local schools. This, it is pointed out, results in an educational injustice to schools within a district where taxable property valuation is low, for in many such districts it is impossible to raise sufficient funds to maintain an adequate school system. Conversely, it is shown that districts having great taxable wealth are able to support more elaborate and efficient schools. It is argued from this that educational opportunity throughout the state is unequal.

In brief, Amendment 16 provides that the burden of financial support throughout the state be shifted from the county and district to the state. Under such a scheme, it is said, a more proportional distribution of funds for school purposes would come about and result in fairer educational opportunity.

### Getting Down to Work

Citizens of the United States who are interested in the peace of Europe will be gratified to read the optimistic reports that have been coming out of France and Belgium and even Germany during the last few weeks.

France is busily engaged in the work of restoring the devastated regions and good progress has been made, although it is declared that some years will be required to make the war districts attractive as homes for the people.

Belgium is showing commendable zeal and energy in overcoming the conditions brought about by the lengthy occupation by Germany of practically all of the little country. Belgium, noted for its efficiency in manufacturing, is doing much to restore its industrial life.

Not so much is being reported about Germany, but it is known that the German people are gradually returning to peacetime occupations and no outstanding industrial troubles have occurred there for a number of months. The fear of the radical movement seems to have subsided.

With peace restored between Russia and Poland, these countries will have time to devote to occupations of a non-military character. Poland especially should soon be able to make financial arrangements to obtain agricultural and other machinery necessary for cultivating the land and carrying on other activities of a profitable kind. The news from Europe just now seems to be good news.

### Inspecting Immigrants

In view of the great number of immigrants coming to the United States and the threat of more when peace is made with all Europe that we should be guarded against the possibility of them bringing the germs of the many diseases that afflict Southeastern Europe in particular is vital. It is reassuring, therefore, that Surgeon General Blue, head of the United States public health service, is in Europe for the purpose of establishing medical inspection and fumigation in all ports from which immigrants may embark.

Typhus, bubonic plague and cholera have been prevalent in many of the war-ravaged lands. Scourges of such nature have been avoided by us as a product of the war, and it will be easier to prevent their entry by barring victims from embarking.

rather than to seek to stop them at Ellis Island. It is stated that every immigrant from Southern and Southeastern Europe will be required to be bathed, vaccinated and deloused before he boards the steamer. That should go far toward preventing the transmission of disease.

Guarding against disease is excellent, but it is much easier than to guard against those who may be healthy, yet more objectionable than if diseased. The man of bolshevist tendencies may be able to present a clean bill of health yet do as much harm when here as a scourge of plague. The seeds of disease may be detected by a skilled physician, but no examination of the person will reveal one's anarchistic beliefs if he chooses to conceal them. To secure the evidence of that form of disease is a much more difficult job, yet no less important.

We want our immigrants to be healthy in body, and soundness in mind and principles are just as essential, yet no inspection can guarantee the latter.

It may be said to the credit of three candidates for the presidency that they are not entertaining any false hopes of being elected.

Sunlight Kills Germs. Dr. W. A. Evan's "Be Healthy" section of the Los Angeles Daily Examiner contains valuable information concerning everyone's health.—Adv.

## Bentley's Building Service

It's object—To lend every assistance and encouragement to the builder since it is so important and necessary that many more homes be built in Glendale

### We are proud of Glendale's Building Record

But it is necessary that this record be sustained. We must even exceed our past activities if we are to provide enough homes for all who are here and coming here.

We want to help the man who is going to build. Bentley's Building Service includes:

- 1—Deliveries of all kind of building material made as promptly as possible.
- 2—Access to our files which contain hundreds of photographs of homes with accompanying floor plans. Select one of these and your contractor may go to work at once.
- 3—We put you in touch with reliable contractors and help you to arrange satisfactory terms.
- 4—We place our knowledge of building material and building at your disposal.

### Made in America

"Oh, this is a great country, you fellows don't half appreciate the land you live in," writes Dan Beard in the October Boys' Life, the official magazine of the Boy Scouts of America. "When Eric the Red was fighting the Skraeglings the said Skraeglings had palisaded council grounds with a fire in the middle, and all over this continent there were council fires around which the wise men among the Indians gathered to discuss tribal affairs. Later on, after we had civilized the Cherokee Indians, if we may use that term, the Cherokees used the council fire for barbecues, and this started a fashion in Kentucky, which to this day is followed by the politicians who give barbecues where whole beefs and sheep are roasted. Then, over in Tennessee, Bill McGee, and his brother John McGee in 1799 used the council fires for camp meetings. Now don't get Bill McGee mixed up with Sam McGee."

The Northern Lights have seen queer sights.  
But the queerest they ever did see Was the night on the Marge of Lake Lebarge

I cremated Sam McGee.  
"I guess we will quit with this verse for the next one sounds sort of profane. This Sam McGee that we are now talking about was from Tennessee and old Bill McGee was from Tennessee also. After reading Service's verses I greatly fear that Sam McGee was not a church member or that he had sadly fallen from grace. Bill, however, was a Presbyterian and his brother John McGee was a shouting Methodist minister, a sort of a pioneer Billy Sunday, and wherever he preached immense crowds of buckskin-clad men with their long rifles and their coon-skin caps, and their wives and their little tow-headed children flocked to hear him. So big were the crowds that the little log churches could not begin to hold them, and consequently they gathered around the blazing council fire where there was more room. From this beginning came the great wave of religious revival which swept the borderland, the effects of which may still be seen in Ohio, Kentucky, Tennessee and all through the Middle West where some people preserve a refreshing and healthy religious atmosphere, where some really say grace at the table as their ancestors did and where a lot of people go to church instead of the golf grounds on Sunday."

"Now Bill McGee from Tennessee popularized the council fire, and thus you see America also gave to the world the camp meeting and the council fire, both bully outdoor affairs."

### Beware of Reformers

(By United Press)

PORTLAND, Ore., Oct. 20.—If you would make the bad little girl good, you should keep her out of the hands of reformers.

At least that is the idea of Mrs. J. C. Sampson, who guards some of the bad ones. She is the keeper of the women's section at the Portland city jail.

"If you want to make a bad girl out of a good girl who is just beginning to be wayward, just let her fall into the hands of reformers. Women can talk a girl to destruction quicker than all the men in the world can lead her to ruin," said Mrs. Sampson. "Nag a girl, criticize her, make remarks about the way she dresses and powders, and it won't be long before she is bad altogether."

"I never say a word to any of them about their offenses. They would resent it. If they are here long enough, so that I can gain their confidence, I point out how much happier they would be if they went straight. But if I preached to the poor things about their waywardness, they'd be twice as bad when they got out of jail. I've taken dozens of girls to my home and kept them until I could get jobs for them. I have dozens of them calling on me. But I never nag or preach to them. I'm their friend, and to keep my friendship, most of them try to be good."

### The Great Coffee Jag

The National Coffee Roasters' Association has just made public figures which show that more coffee was drunk in the U. S. A., during the year ending June 30, 1920, than in any previous year of which there is a record. The quaint thing about the fact is that the period covered coincides with the first year of national prohibition. It is estimated that in the time given, 1,358,000,000 pounds of coffee were consumed and it is figured by those conversant with the situation, that at this rate an increase of 16,000,000,000 cups were poured down the parched throats of a dry people.

It is not wholly a subject for rejoicing that a nation deprived of liquor has taken to coffee jaggings. Coffee is not particularly good for people, but at least this can be said of it: No case of wife beating has ever been traced to it. Nobody ever sold his children's shoes to buy it, or threw his aged mother downstairs or committed murder while under the influence of it, and all of its harmful effects to the imbibers' system are as naught compared to the evil action of alcohol.

Coffee drinking on the increased

## The Glendale SANITARIUM and Hospital

A health-winning environment where we demonstrate that sound health is the result of right living and where we teach people how to live so that mere existence is a joy.

An institution where natural curative agents such as air, light, heat, water and electricity are used as far as possible in healing disease.

A place where the dietetic regimen is one of the chief factors in the program of health-building. Our diet system is based on half a century of scientific research and our kitchen is a food laboratory, where trained dietitians work. The result is a simple, wholesome bill of fare that is surprisingly varied and pleasing.

SEAL OF CALIFORNIA REPRESENTED IN PIECE MADE FROM 1238 HARDWARE ITEMS

An article of interest is displayed this week in the window of the Neale & Gregg Hardware Company, 107 North Brand boulevard. It is entirely made up of hardware items and is constructed in an exact duplicate of the great seal of California. It has 1238 pieces arranged in the following manner:

Seal ring is made of brass keys, washers and wood screws. The semicircle is composed of 31 stars, representing the number of States in the Union, after admitting California. The goddess Minerva is made very lifelike. The helmet is made of a hatchet and butcher knife; the crest of a nickel-plated sickle blade; the hair of brass jack chain; ornaments of harness spots; the draping of the dress is made from brass wire strainer cloth; the vest of nickel jack chain, and the wand and shield made from an electrician's bit, furniture nails and a copper wash boiler bottom. The bear is made of steel wool; the grape vine of brass chain and furniture nails; the miner of bent nails, steel wire and a gimlet; the rocker or washbox made from

CERTIFICATE OF DOING BUSINESS UNDER FICTITIOUS FIRM NAME

THE UNDERSIGNED HEREBY CERTIFY that they are conducting a business at Nos. 517 and 518 Buemiller Building, located at 430 South Broadway, in the City of Los Angeles, County of Los Angeles, State of California, under the fictitious firm name and style of "LOS ANGELES OPTICAL COMPANY," that the business carried on at said address and by the undersigned is that of a wholesale optical supply house; that the said LOS ANGELES OPTICAL COMPANY is composed only of the following named persons:

THOMAS LLEWELLYN, Nottingham Hotel, 314 West Sixth Street, Los Angeles, California.  
G. W. SPRATT, 719 West 47th St., Los Angeles, Cal.

It is further certified that the said THOMAS LLEWELLYN and G. W. SPRATT, each owns a one-half interest in said business and that the profits and losses of said business are borne by the owners thereof in equal proportion.

## Yosemite Visitors

Motorists will be interested in knowing that, despite the gasoline shortage and increased transportation rates, a total of 65,368 persons entered Yosemite National Park in the past year according to official government figures. This is an increase of 7000 over last year's total and a gain of more than 100 per cent over 1918. There was a 50 per cent increase this year in the arrivals from other states.

escutcheon pins and nails; the sheaf of wheat from sacking needles. The ship, hull, masts and sails are made from a steel rule, sacking needles, nails and sheet asbestos. The water is represented by cleverly arranged iron chain and the mountains made from wire picture cord.

This seal was made by the Simmons Hardware Company of St. Louis whose well-known brand of Keen Kutter tools and cutlery is carried in stock by the Neale & Gregg Hardware Co. The seal was presented to the Southern California Retail Hardware Dealers' Association. Each member is given the use of same to be displayed in the show window, in order that the public may see this piece of workmanship, which is truly a work of art in its own particular line. The seal will be on display the rest of this week and the fore part of next week, and everyone who can should examine it.

## TRUSTEES' MEETING

(Continued from Page 1)

from M. E. Myton accompanied by Insurance Policy for \$6,000.00 for the City Hall Building. On motion the policy was accepted.

A communication was read from the Midway Gas Co. accepting the franchise granted by Ordinance No. 404. This was ordered to be filed.

Bids received in accordance with advertisements calling for the same were opened and read.

Bids on pumps, motors, well casing, starter, etc., were referred to the engineer of the Public Service Department.

Bids on brass goods were referred to the Manager of the Public Service Department.

Demands were presented and referred to the Finance Committee, who reported them back approved and on motion of Trustee Stephenson, warrants were ordered to be issued in payment of same.

A representative of the H. Mueller Manufacturing Co. addressed the Board in reference to bids; stating that his firm had not received sufficient notice to enable it to have bid in on time but that the same was in the mail.

The report of the Health Officer for the month of September was presented and filed.

The City Marshal recommended the appointment of R. L. McLean as patrolman and on motion of Trustee Stephenson the recommendation was approved, adopted, and the appointment made.

The City Manager submitted a report in regard to a conference held in the office of the City Engineer of Los Angeles attended by W. E. Hewitt and himself to consider matters pertaining to sewage disposal. This report is published in full in this issue.

The city manager made a report in regard to the proposed plan for temporarily taking care of the sewage in the congested business district of Glendale and in this connection presented a copy of a letter received from R. Hilscher, director of the State Board of Health, to the effect that while such a plan would necessarily be in the nature of a make shift there is no serious objection to it. His communication was filed.

The city manager reported having taken up with Judge Erskine M. Ross the matter of purchase by the city of Glendale of a reservoir site just west of Verdugo Road in the mouth of Verdugo Canyon. He submitted a copy of a letter received from Judge Ross in regard to the matter in which the request was made that the city inform him as to what amount it is willing to pay for the property and upon his return to Glendale he will take the matter up. On motion of Trustee Stephenson it was ordered that the city manager and the engineer of the Public Service Department take the necessary steps to secure all information in regard to the subject and report to the board at its next meeting.

The city manager made a report

## MONEY TO LOAN

MONEY TO LOAN—Any amounts. Harry W. Chase, 108 N. Brand Blvd.

in regard to the application of the Woods-Beekman Lumber Company submitted to the board of October 7, stating that the company does not intend at this time to install bunkers or make any changes in the alignment of the protection works along the channel, that the desire at the present time is for a permit to remove sand from the channel in accordance with the provisions of Ordinance No. 385 and in connection therewith, permission to make an opening in the protection works for a drive way subject to the approval of the Los Angeles Flood Control District. On motion of Trustee Stephenson the permit was granted as recommended.

The city manager recommended that Mrs. E. A. Van Osdoll be permitted to remove two pepper trees from the parking in front of 341 West Elk avenue. On motion of Trustee Henry the permit was granted as recommended.

The city manager submitted a recommendation that the city clerk be instructed to advertise for bids for one 3½-ton Pole Dolly; bidders to furnish specifications. Bids to be received up to 7:30 p. m., November 4. On motion of Trustee Robinson the city clerk was ordered to advertise in accordance with the recommendation.

The city attorney presented a communication addressed to the city of Glendale by Luna M. Scott, proposing to sell to the city of Glendale, seven acres of land situated at the north-

FOR EXCHANGE—1919 Lexington five passenger sport model. Five wire wheels and cord tires. Car cost \$2600. New few months ago. Will trade for vacant lot or lots or equity in house in Glendale. 370 Salem Street, Glendale. Phone Glendale 829-W.

west corner of Vine avenue and Tenth street, between Glendale and Burbank at a price of \$1600 per acre cash. On motion of Trustee Stephenson action was deferred one week.

The engineer of the Public Service Department recommended that the city clerk be instructed to advertise for bids as follows:

For water pipe and fixtures.

For rebuilding and adding to the Booster Pumping Building in block 97 of Rancho Providencia and Scott tract in accordance with plans and specifications adopted June 24.

For the installation of one Booster Pump at the same location and other work in connection with same.

The city attorney requested that action be taken extending the time for the filing of an action in the Superior Court for the laying out of Patterson avenue and for the opening and widening of a certain alley east of Brand Boulevard. In accordance with his recommendation Trustee Bartlett presented an ordinance extending the time for the filing of action for the opening of a certain alley and also presented an ordinance extending the time for the filing of an action for the laying out and opening of Patterson avenue. Both ordinances were read and laid over for the next regular meeting.

Trustee Robinson presented a resolution and moved its adoption, the same being seconded by Trustee Henry and adopted as Resolution No. 1131. "Ordering certain improvements to be made on portions of Sycamore Canyon Road, Verdugo Road, Lexington Drive, and Broadway and of certain streets intersecting therewith in the city of Glendale."

On motion of Trustee Stephenson an ordinance previously presented to the board amending Ordinance No. 382 and repealing Ordinance No. 388 authorizing the employment of certain employees, etc., was adopted as Ordinance No. 405.

On motion of Trustee Bartlett an ordinance previously presented to the board calling for a bond election for the issuing of bonds in the amount of \$100,000 to be voted for on November 2, was adopted as Ordinance No. 406.

On motion of Trustee Stephenson it was ordered that when the board adjourned it be to meet at 7:30 p. m., Wednesday, October 27.

## Comfort Poultry Spirits

TOKIO, Oct. 7.—(By Mail to United Press.)—A poultry dealer's business requires the slaying of countless fowl, but those of Japan do not do so without tender regret for the spiritual welfare of their feathered victims.

This is shown by the fact that Tokio poultry merchants are making preparations for a gigantic ceremony at which a general mass will be said in order to convey comfort for the spirits of the chickens and other feathered creatures slain during the past year.

The event will be attended by 300 dealers and by 500 of their employees.

"These living things love life as much as we do," explains one of the merchants. "Therefore it is proper that we comfort their spirits."

"Freddy, do you know what became of that piece of cake that was left on the tray?" asked mother.

Freddy—Yes, mother, I gave it to a little boy that was hungry.

Mother—That was good of you. Who was the boy?

Freddy—It was me!

"Is this the land of the free?" "I doubt it," said Mr. Bibbles. "Yes?"

But after sampling some of the 'home brew' people drink, I'm convinced it's the home of the brave."

Who ever knew of a fat man going on a hunger strike?
